

**Movement is more
important than ever.
Inspire your students!**

**COVID-safe physical education fun for your
preschool, daycare or dayhome!**

**Sanitized equipment • Small cohort sizes • Indoor and outdoor options
We provide the curriculum and the leaders... your staff can relax!**

Jumping Jellies specializes in COVID-safe, dynamic physical education programs for children ages 20 months - 6 years. We come to your location and bring the latest in innovative movement equipment, fully sanitized for your peace of mind. Our trained instructors and unique curriculum themes enhance your classroom and support your staff with new ideas. Our content options including creative movement, obstacle courses, interactive story-based yoga, parachute and ball games, musicality and rhythm, and much more.

Whether you're a daycare director needing a complete year-round physical literacy provider, or a room coordinator needing support so you can have time to sanitize and plan, we can help! We work with you to support in small cohort sizes, exceeding the requirements from Alberta Health Services to keep your students safe. We support Centres throughout Calgary, as well as the neighbouring communities of Cochrane, Airdrie, Okotoks and Chestermere.

Cost-saving options

for unique programming needs

We know that budgets are tight! We're committed to working with you to provide solutions that suit these unusual times. We'll first meet with you by phone or video call to review your needs, and develop a program that works for you. Ask us about our confidential COVID-19 discount programs - we're here to help. Call 403.690.9790, or e-mail marina@jumpingjellies.ca.

Story-telling Adventure Yoga

With over 100 story themes, our adventures are never the same! Activities can be held indoors or out, weather permitting. Children are active participants in helping to tell a story through movement, sounds, yoga, and music. Different adventures available for younger and older children, with typical sessions ranging from 30 minutes to 1 hour of fun. We can develop a custom adventure to match your theme at no extra charge.

Creative Movement with Equipment

Our trained instructors bring hoops, balls, Riverstones, music and more to have fun and get the wiggles out. We also do group games and active movement; indoor and outdoor exploration available. Programs are 30 - 45 minutes in length. We help you divide your children into small cohorts, and sanitize equipment between groups.

Musicality and Rhythm

Perfect for groups with limited space, these classes focus on shakers, maracas, drums and clapping. Keep the beat and enjoy music from around the world! Cultural, dance and beat explorations for all ages that get the toes tapping. Singing may be incorporated depending on COVID restrictions in place at the time of the class.

We're certified little people specialists.

Jumping Jellies' Chief of Play, Marina Clark-Dyck has a psychology background specializing in child development, and graduated from Mount Royal University in 2013. She has a passion for bringing movement to preschool and lower elementary children! Her extensive dance training in areas such as ballet, jazz, hip-hop, Zumba, musical theatre, and salsa for over 10 years brings an enthusiasm for creative movement to all Jellies' programming. Marina's career experience includes working in Early Intervention for Cause and Effect Foundation, becoming fitness certified through the AFLCA, and working as an instructor for Little Hippies Yoga. Marina and all of her staff are a minimum of Alberta Childcare Level 1 / CDA certified, and all have childcare First Aid / CPR. As the happy mom to a little one, Marina knows how to keep children smiling and engaged.

Happy children...

Happy parents and staff.

We've been working with schools in the Calgary area for over 5 years. Our clients are our best references!

"Absolutely great program for young children! Ms. Marina and her team are excellent with Toddlers and Preschool / Kindergarten - they know how to interest the kids & entertain them. They offer the best gross motor activities for our young generation in Calgary... highly recommended!"

Natalia R.- Montessori Kids Academy

"The staff are well trained and come ready and prepared...The sessions are fun and fast paced.....no time to get bored. We are so glad we found Jumping Jellies for our daycare.."

Child Enrichment Centre

"Jumping Jellies mornings are enjoyed by all of our students! Marina has provided an engaging and diverse range of activities for our children, and has been responsible for delivering our complete physical education program."

Aspen Hill Montessori

"Jumping Jellies provided a program of music and movement for our preschoolers. It was very entertaining, motivational, and engaging for all the children. I would highly recommend Jumping Jellies for any special event or active function for children to take part in." -

Carolyn, Child's First Preschool

COVID-aware programming for your families' peace of mind.

Jumping Jellies is committed to meeting or exceeding current Alberta Health Services and Alberta Childcare Licensing requirements related to COVID-19. Here are just some of the steps we take:

- Wearing face masks and/or face shields at all times in your Centre
- Using an AHS-recommended disinfectant on all materials such as 1:10 parts bleach and water
- Wiping down and disinfecting all equipment before and between cohorts and after leaving a Centre
- Hand washing any soft items between cohorts
- Washing and sanitizing our hands before and after every class
- Eliminating hand contact or partner work
- Sanitizing children's hands before and after engaging with equipment

All Jumping Jellies staff must strictly screen using the current AHS self-screening tool before attending a Centre for class, and must not attend if ill.

Connect with us today to discover how movement programming can benefit your preschool, daycare or kindergarten. We'll set up a video call at a time convenient for your centre to review your needs.
